# STUDENT SPOTLIGHT - HEIDI AIKEN

Heidi Aiken is currently in her final year here at Baker College. She has been an active member of the Baker community by participating in leadership roles on campus as well as maintaining excellent grades. Heidi is in the Health Science Administration program with a minor in Human Resource Management. When asked why she was studying in this field she replied that she was

“...be committed to your education and give it your all.”

“interested in the medical field, but wanted to help people with medical solutions from a different perspective than traditional ones such as nursing”. Heidi did her externship at Total Healthcare in Detroit and worked with credentialing specialists. She found it to be exciting and enjoyed the chance to work in a new area for her.

Heidi Aiken, Health Science Administration student

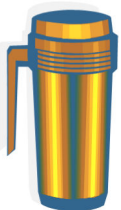

Heidi is also deeply involved in Baker’s community. She has been the President of the Human Resources and Management club for three years and encourages students to come to the club meetings for the opportunity to hear a guest speaker and to use the club for great networking opportunities, as well as job leads. Heidi is also an original member of Baker’s Leadership Council where she helps to plan and organize events for student engagement on campus.

Heidi is excited to complete her degree and graduate this June. She is looking forward to moving with her husband, Tim, and her seven and a half year old son, Blake. Heidi says that she would not be able to accomplish half of the things that she does without her strong support system. She claims that her husband is her rock and number one cheerleader. Heidi is

driven to graduate at the top of her class and to accomplish the goals she is passionate about.

When asked what advice she would give to new students, Heidi says, “You have to stick with it. There is a light at the end of the tunnel. It is not easy and you can’t just shuffle through. The way to succeed is to be committed to your education and give it your all.”

Be prepared! Make sure your contact information and emergency notification options are up-to-date in the SOLAR System so that you’re the first to know of any school closing. Call the Weatherline at (586) 790-9729 for the latest information about class cancellations or building closures. You can also tune in to your local TV and radio stations for closure announcements.

The Clinton Township campus has a new vending area in the main building! It is next to the Writing Center (M107) and across from the Academic Resource Center.

Baker permits closed and capped beverage containers, such as coffee, pop, or water, in classrooms. In computer classrooms, please keep your drinks on the floor. Alcohol is still prohibited on campus.

## Financial Literacy

*Understanding the basics of money management provides a financial foundation that can lead to a lifetime of financial success.*

### **Be accountable and responsible**

The first step is accepting accountability and responsibility. Understand that you are the one in control of your financial future.

### **Plot your course**

The next step involves planning. Create a road map by defining your financial goals and establishing a budget and sticking to it.

### **Establish a Budget**

You need financial goals and to plan out the steps for achieving them. Not having a budget is like going on a trip without a roadmap.

### **Borrow Smart**

At some point you may need to borrow money (take out a loan). Borrow SMART if you want to maintain your financial stability.

### **Manage Your Credit Cards Wisely**

Credit cards are designed for people with income. When selecting one, make certain you have selected one with the most affordable options and no hidden costs.

### **Review and Understand Your Credit Report**

A credit report is a collection of information about you and your credit history and will have a significant impact on your financial future.

### **Know When to Ask for Help**

The final step is knowing when to request assistance. These warning signs will indicate financial problems:

- Are you living paycheck to paycheck?
- Are you alternating which bills to pay, leaving some unpaid?
- Are your payments often late?
- Are you using one credit card to make payments on another?
- Do you have creditors calling you?
- Are you being denied credit?

There are several credit unions, banks, businesses and organizations that work to provide information on financial education and keep you on the path to success.

### **Remember to Check with Financial Services for the following:**

- Is Financial Aid for 2014-15 year complete?
- Is additional documentation needed to complete my Financial Aid?
- Is a student loan needed?
- Is the Entrance counseling and Promissory note complete?
- Is there a balance on my account?

Note\*\* Students can always log on to the Solar/Star system to view their Financial Aid information, as most questions can be answered with just a click of a mouse.

Baker ID cards are set to allow up to 500 black and white single-sided pages per quarter at .10 each. Color, at .20 each, is also an option. Duplex (double-sided) print jobs count as two print pages. New balances are loaded each quarter.

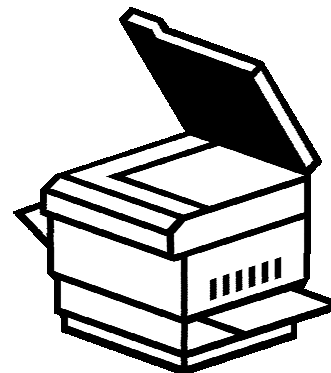

***Did you know?*** *The default setting for print jobs is double-sided printing. You must change this setting when you send your print job to the printer if you need single-sided prints.*

Additional printing and copying will require students to add money to their Baker ID cards. Print credits are non-refundable and non-transferable.

Explore options to printing and copying by saving documents, articles, and information electronically using email, Google Drive, scanning, or USB.

***Did you know?*** *To scan documents to your email, your SOLAR Email Preference must be set to your Baker.edu email address. You can edit this under Contact Information, however it may take 60 minutes or more for the change to take effect.*

## FREQUENTLY ASKED QUESTIONS

### **Will I need my student ID when printing to a classroom?**

No, ID cards are not required for classroom printing, however all printing in the classroom will decrease your allotted printing credit.

### **Where can I see my print account activity and balance?**

Students can see their account balance with Equitrac Account Monitor (EAM) software installed on all Baker College Computers in the ARC. If students have questions or concerns about printing activity in their printing accounts, they can view approximately the last 30 days of print and payment activity with the Student Account Statement report. Contact the ITSC or ARC staff for assistance with this report.

### **When I swipe my card the MFD states "Get Account Info Failed. Cannot Log In".**

If you change your password or get a new student ID card it may take up to three hours for the printer to sync the new PIN with the server. If you need to print immediately, you can type the previous Personal Identification Number (PIN), into the device, The PIN is located on the back of your student ID.

### **What if I don't have my ID card?**

You can type your PIN into the machine to access your account.

The PIN is the ISO + UIN + VER all strung together minus any spaces or dashes. The PIN for this card is 6034129991234502. These numbers can be found in SOLAR, under Contact Information.

### NO SMOKING POLICY

Baker College of Clinton Township endeavors to provide a safe, secure, and healthy environment for all students, faculty, staff, and visitors. To that end, the College has determined that maintaining a smoke free/tobacco free campus will further support these goals.

Recognizing that many people struggle with smoking addictions, the College will allow persons to remain in closed vehicles to smoke *as long as there is no negative impact on the cleanliness of parking lots and surrounding areas*. At such time as the College determines that there is a negative impact to the parking lot and surrounding areas, the College may then decide to go completely smoke free within campus boundaries.
