

BAKER COLLEGE  
Program Information

**Information Technology and Security**

Bachelor of Information Technology and Security

***Campus: Online.***

**Program Description**

This program prepares graduates for career opportunities in information technology and security technology as network administrators, system analysts, or management of an information technology team. Employees with information technology and security knowledge are considered an integral part of many business' information technology teams. Information technology workers work in healthcare, business, information systems, technical, and engineering fields. They possess the skills to manage information technology teams as well as handle the technical aspects of the network infrastructure.
