Policies

No Smoking Policy

Baker College of Clinton Township endeavors to provide a safe, secure, and healthy environment for students, faculty, staff, and visitors. To that end, the College has determined that maintaining a smoke free/tobacco free campus will support these goals.

Recognizing that many people struggle with smoking addictions, the College will allow persons to remain in closed vehicles to smoke as long as there is no negative impact on the cleanliness of parking lots and surrounding areas. At such time as the College determines that there is a negative impact, the College may then decide to go completely smoke free within campus boundaries.

Did you know?

The new Multi-function Printers (MFP's) are also scanners. You can scan documents to your Baker email address or to your USB drive for free!

You need a Baker ID card to print or copy documents.

Come to the Library (E103) during business hours if you need a new Baker ID card. Don't wait!

Business Office

Thinking of Withdrawing?

Don't just stop attending! There may be significant financial consequences. To avoid the potential consequences, please meet with staff in the Academic Office, Business Office and Financial Aid Office.

IMPORTANT WITHDRAWAL INFORMATION:

Withdrawal or absenteeism can have a major impact on your college finances. The following is very important information for students receiving federal financial aid:

What is the impact on your federal financial aid when you officially withdraw from your class or classes by notifying the Academic Office?

The US Department of Education requires a student to attend classes past the 60% point of the quarter (i.e. in a 10 week quarter you must attend your classes past the 60% point-the 6th week) in order for the student to be eligible for the entire federal financial aid award. If you withdraw or stop attending prior to the 60% point in the quarter, a large portion of your awarded financial aid is required to be returned to the US Department of Education by Baker College and you will owe the balance. The amount of aid returned is based upon your last date of attendance. A large balance may impact registering in future quarters and obtaining official transcripts.

What happens to your federal financial aid if you just quit attending (unofficially withdraw) and do not notify the Academic Office?

If you stop attending your classes (unofficially withdraw) and do not withdraw in writing, you may be withdrawn by the College. A large portion of your awarded financial aid is required to be returned to the US Department of Education and you will owe the balance to Baker College. Please contact the Business Office at 586-790-9681 with any questions.

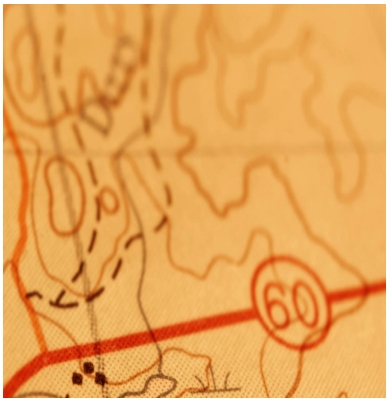
Financial Literacy



Understanding the basics of money management provides a financial foundation that can lead to a lifetime of financial success.

Be Accountable and Responsible

The first step is accepting accountability and responsibility. Understand that you are the one in control of your financial future.

Plot Your Course

The next step involves planning. Create a road map by defining your financial goals, and plan out the steps to achieving your financial goals.

Establish a Budget

You need to establish a budget and stick to it. Not having a budget is like going on a trip without a roadmap!

Borrow Smart

At some point you may need to borrow money (take out a loan). Borrow SMART if you want to maintain your financial stability.

Manage Your Credit Cards Wisely

Credit cards are designed for people with income. When selecting one, make certain you have selected one with the most affordable options and no hidden costs.

Review and Understand Your Credit Report

A credit report is a collection of information about you and your credit history and will have a significant impact on your financial future.

Know When to Ask for Help

The final step is knowing when to request assistance. These warning signs will indicate financial problems:

- *Are you living paycheck to paycheck?*
- *Are you alternating which bills to pay, leaving some unpaid?*
- *Are your payments often late?*
- *Are you using one credit card to make payments on another?*
- *Do you have creditors calling you?*
- *Are you being denied credit?*

Many credit unions, banks, businesses and organizations work to provide information on money management to keep you on the path to success!
