***MTTC Release Scores Acknowledgement:***

The Michigan Department of Education requires all teacher candidates to pass the Michigan Test for Teacher Certification (MTTC) including a test of basic skills and tests for specialty area knowledge consistent with the candidates' certification program. These tests must be passed by candidates at different points in their program; the Michigan Basic Skills Test must be passed prior to acceptance into the Teacher Preparation program, registration for 400 level courses, and student teaching. The specialty area test(s) must be passed prior to student teaching and before recommendation for certification. Students attending Baker College should indicate "Baker College" to receive the official test results when registering for any certification test.

***Choose ONLY ONE of the two statements below:***

- \_\_\_ I do not give permission for the Baker College Teacher Preparation program to share my MTTC scores on a "need to know basis" within the Baker College community. I understand that as a result there could be difficulty moving through the Teacher Preparation program

process, issues with advising due to missing information in my advisor file, and delays in recommendation for certification. I am accepting responsibility for these delays (previously stated) and any other problematic issues that may occur as a result of my decision to not give permission to share my MTTC scores as described above.

- \* You should have initialed only one of the two statements above.

- \_\_\_ Ability to assess all information. The student must be capable of responsive and empathetic listening to establish rapport in a way that promotes openness on issues of concern and sensitivity to potential cultural differences.
- \_\_\_ Emotional stability to function effectively under stress and to adapt to an environment, which may change rapidly without warning, and/or in unpredictable ways.
