STUDENT SPOTLIGHT—ANNETTE STAPLETON HEYWOOD

Annette Stapleton Heywood is both an Elementary Education major and the women’s gold medalist for speed skating at the 2013 World Games. She also started and runs a non-profit organization called Speed Revolution to inspire and support female speed skaters.

Annette got her start in skating as a kid by spending time at the roller rink where her mom, Suzette Tweedie Stapleton, worked. Annette has since been racing nationally for 15 years and internationally for 5 years. Winning the 2013 World Games title in front of 30,000 people giving her a standing ovation is one of Annette’s fondest racing moments. She was the oldest female competitor in that race by 10-15 years and they called her the “racing mom”.

Annette started her non-profit, Speed Revolution, to promote other female skaters and to offer them sponsorship. The sport has twice as much male representation as female and Speed Revolution is hoping to change that by telling good stories about female skaters and encouraging more female skaters. For more information about this great organization, visit www.speedrevolt.com.

Teaching her own children at home and creating lesson plans at a daycare inspired Annette to become an elementary education student. She originally intended to study to be a dental hygienist, but having children taught her that she can’t stand wiggly teeth. In her time here at Baker she was inspired by her instructors Amber Fante, who “will push you and make you glad you learned something”, and Gerard Evanski, who “in the way he managed his classroom, he was the other piece of the puzzle.” Annette’s student teaching assignment was in Marty Weaver’s 3rd grade class at Trombly Elementary, and she loves teaching third grade.

When asked if she had any advice for fellow students, Annette said, “When you come to college, no matter how much is on your plate in your life, you can always push through and graduate.” Just what you would expect from a world champion.

NO SMOKING

Baker College of Clinton Township endeavors to provide a safe, secure, and healthy environment for all students, faculty, staff, and visitors. To that end, the College has determined that maintaining a smoke free/tobacco free campus will further support these goals.

Recognizing that many people struggle with smoking addictions, the College will allow persons to remain in closed vehicles to smoke *as long as there is no negative impact on the cleanliness of parking lots and surrounding areas*. At such time as the College determines that there is a negative impact to the parking lot and surrounding areas, the College may then decide to go completely smoke free within campus boundaries.

BEVERAGE POLICY

Baker permits closed and capped beverage containers, such as coffee, pop, or water, in classrooms. In computer classrooms, please keep your drinks on the floor. Alcohol is still prohibited on campus.

The Baker Bulletin is published by the Academic Resource Center six times per academic year- weeks 1 and 5 of Fall, Winter, and Spring Quarters.

To access the Baker Bulletin online go to www.baker.edu. Select "Clinton Township." Choose "Student Services" Then "Campus Life" Select "Campus Newsletter."
