

Baker College employees and students will receive education on the controls, procedures, protocols, and safety requirements being used to prevent the spread of COVID-19 at all campus locations. A training plan has been developed and structured to ensure all members of the Baker College community receive the training and information they need to stay safe while on campus. Depending on your role the following training will be made available via email communication, virtual meetings and on our website:

All BC employees and students are required to review the following educational pieces about COVID-19 before they return to campus and complete the acknowledgment form sent in the return to campus communication.

- [BC COVID-19 website](#)
 - The COVID-19 Infectious Disease Preparedness and Response Plan, along with the following documents, can be found within the BC COVID-19 website link:
 - Self-Certification Health Screening Protocol
 - Employee Return to Work Protocols (*Employees Only*)
 - Student Return to Class Protocols (*Students Only*)
 - Residence Hall Protocols (*Residence Hall Students Only*)
- SafeColleges Coronavirus Awareness Video
- SafeColleges Coronavirus: Cleaning and Disinfecting Your Workplace
- Educational Resources:
 - [Symptoms of Coronavirus](#)
 - [Know How It Spreads](#)
 - [Wash Your Hands](#)
 - [Clean and Disinfect](#)
 - [Respiratory Etiquette](#)
 - [Face Coverings](#)
 - [Social Distancing](#)

We understand that you may have questions and/or concerns, and we encourage you to voice them. We want to be transparent in our efforts to work together to provide a safe environment and up-to-date practices that are consistent with guidance and instruction from the Centers for Disease Control, the State of Michigan, and public health officials.
