LETTER FROM THE PRESIDENT

On behalf of all faculty and staff on our Baker College Campus, I want to take this opportunity to extend a personal welcome for the 2014/2015 academic school year. This year we have added a new “State of the Art”, Academic Resources Center (ARC), located at the East end of the main campus. Please take some time and become familiar with this new area, as it houses not only the library, but also tutoring services. It is our hope that this will make it easier for you to get a “one stop” helpful academic experience.

At the West end of the main campus building, is our “new” Financial Services Department. We have combined Financial Aid and the Business Office into a “one stop” area to help you navigate through the sometimes confusing Federal State financial requirements. Please take some time and become familiar with this area, as you may want help working your way through the very technical financial regulations that are out there.

As you prepare for this coming year, I truly hope that your hard-work and dedication pays great dividends for you. I have found that those students who are the most successful at Baker give their best daily, organize their time wisely, and step up to the challenge of taking personal responsibility for their education.

Have a GREAT Fall Quarter!

Don Torline, President

NO SMOKING POLICY

Baker College of Clinton Township endeavors to provide a safe, secure, and healthy environment for all students, faculty, staff, and visitors. To that end, the College has determined that maintaining a smoke free/tobacco free campus will further support these goals.

Recognizing that many people struggle with smoking addictions, the College will allow persons to remain in closed vehicles to smoke as long as there is no negative impact on the cleanliness of parking lots and surrounding areas. At such time as the College determines that there is a negative impact to the parking lot and surrounding areas, the College may then decide to go completely smoke free within campus boundaries.

FREQUENTLY ASKED QUESTIONS

For more information on Printing, visit:
http://www.baker.edu/student-services/information-technology/#printing

Where can I see my print account activity and balance?
Students can see their account balance with Equitrac Account Monitor (EAM) software installed on all Baker College Computers in the ARC. If students have questions or concerns about printing activity in their printing accounts, they can view approximately the last 30 days of print and payment activity with the Student Account Statement report. Contact the ITSC, LLC or ARC staff for assistance with this report.

When I swipe my card the MFD states "Get Account Info Failed. Cannot Log In".
If you change your password or get a new student ID card it may take up to three hours for the printer to sync the new PIN with the server. If you need to print immediately, you can type the previous Personal Identification Number (PIN), into the device, The PIN is located on the back of your student ID.

What if I don’t have my ID card?
You can type your PIN into the machine to access your account.

The PIN is the ISO + UIN + VER all strung together minus any spaces or dashes. The PIN for this card is 6034129991234502. These numbers can be found in SOLAR, under Contact Information.

MEET ROSA MAJEED

Rosa Majeed, graduate of Warren Mott high school and current Paramedic Student, was awarded the Auburn Hills Police Department’s Civilian Medal of Honor. Rosa is only the second person to be given this award and she earned it for her brave actions of foiling an armed carjacking/attempted kidnapping at Great Lakes Crossing last summer.

On Rosa’s very first visit to Great Lakes Crossing, she was getting out of her car and heard a woman screaming. Drawn to the woman in distress, she witnessed two men harassing a woman. The men grabbed the woman’s purse and tried to force the woman into the car. Rosa bravely entered the scene and informed the men that she was on the phone with 911 and that she was telling them exactly what was happening. The men fled into the mall upon hearing this. The woman and Rosa went to security where Rosa was able to identify the two men on security cameras, even though they had changed their clothes. The men were arrested and sent to trial. Even though the parking lot was crowded that afternoon and there were other witnesses, Rosa was the only one to call 911 and to help the victim.

Rosa is dedicated to helping people and is good in a crisis. When Rosa was a child, her brother was hit by a speeding drunk driver and broke his leg. She credits the Emergency Medical Responders who arrived at the scene with inspiring her to become a paramedic. She studied EMT at Warren Mott’s career prep program and that encouraged her dream. She came to Baker, after trying out a program elsewhere. Rosa said she really loves the program and how they treat people. She enjoys the small classes and how everyone can work together and help each other.

When asked what advice she has for other people who witness a crime, Rosa says, “Call 911. Do something! Don’t walk away and do nothing. We all need to do the right thing.” Rosa does not advise getting in harm’s way, but she makes the point that speaking up and getting help are important.

“I just did what I thought was right.”

They bring vast life experience, creativity, and sense of humor to the classroom. I am grateful for the Baker College students that inspire me every day!”

In her spare time she loves to travel with her husband, Rocky, and her teenage son, Grant. They go on long road trips together. Louise has been to 48 of the 50 states in her travels.
