Note: 4900 students received federal financial aid funds during the spring semester and would be determined Title IV eligible under Section 484 in the Title IV of the Higher Education Act of 1965. However, this figure includes students who were taking online courses which were not disrupted due to the Coronavirus.

CARES Act Emergency Financial Aid Grants have been distributed to 2,995 students.

In addition, an email was sent to all online and non-degree seeking students informing them of our awarding criteria and their ineligibility based on the fact that there was no disruption to online courses.

During the week of May 11, 2020 all students meeting the qualifying criteria were awarded the emergency grant funds and were sent an email including any action steps required. Students who were determined to be Title IV eligible had no required action; however, we recommended that they set up their refund preference with BankMobile (if not done previously). Students who had not previously completed a FAFSA or the application, were given instructions to accept their award which includes the self-certification of Title IV eligibility.
